

## Specialised concentrate for endurance horses and other elite sport horses in need of stamina

Barastoc Endurance is a highly palatable, pelleted feed developed with the needs of endurance horses in mind.

Which means it's low in protein to help reduce metabolic heat load and reduce water loss. It's also high in fibre which is important for increasing water held in the hindgut and promoting healthy gut function.

Barastoc Endurance contains a blend of energy sourced from starch, fibre and fat. It has also been fully fortified with appropriate levels of a complete range of vitamins and trace minerals.

Barastoc Endurance contains the high levels of chromium that a hard working horse's muscles need, and antioxidants to help reduce oxidative stress. Salt has also been added to replace lost sweat, plus a live yeast culture to aid in fibre digestion and mineral availability.

Barastoc Endurance is also an oats-free feed, so is ideal for horses that do not react well to a high-starch diet, or are prone to 'hotting up'.

Product number: 8501220

### FEEDING DIRECTIONS

Horse Weight (kilograms)	Feeding Rate (kilograms/day)		
	Light Work	Moderate Work	Heavy Work
400	1.0	1.5	2.0
450	1.5	2.0	2.5
500	2.0	2.5	3.0

### ANALYSIS (AS-FED)

Crude Protein (minimum)	11%	Phosphorous (minimum)	0.5%
Crude Fat (minimum)	7.0%	Vitamin A (added)	21000IU/kg
Crude Fibre (maximum)	20%	Vitamin E (added)	750mg/kg
Selenium (added)	1mg/kg	Digestible Energy	
Calcium (minimum)	0.75%	(estimated)	12.0MJ/kg
Calcium (maximum)	1.0%	Chromium	2mg/kg

# BARASTOC

## ENDURANCE

**FEED STYLE:** Pellet

**ENERGY RATING:** ●●

**HEAT RATING:** ●

### KEY FEATURES:

- An ideal feed for horses that do not react well to a high starch diet.
- Low protein feed to reduce metabolic heat load and reduce water loss.
- High fibre feed to increase water held in hindgut and to promote healthy gut function.
- Blend of energy sources from starch, fat and fibre.
- Oats free for horses prone to mental tenseness or tying up.
- Contains live yeast culture for enhanced fibre digestion.
- Antioxidants and chromium for hard working muscles and to aid in the reduction of oxidative stress.

### ALTERNATIVE PRODUCTS:

If you prefer a muesli feed, **Barastoc Phar Lap** is recommended.
